Portuguese Native

English Fluent — C1

EXPERIENCE

Operational Planning Specialist

Nov 2024 – Present

dnata — Emirates Group

- Lead D+45/60/90 workforce forecasting across multiple Brazilian airports, aligning staffing to financial targets
- Capacity studies supporting pricing negotiations and airline client decisions
- Performance dashboards identifying cost-saving opportunities and operational deviations for senior leadership

Capacity Planning & Analytics Specialist

Oct 2023 – Oct 2024

Blueground

- Built Python ETL pipeline with API integrations — automated capacity reporting end-to-end, reducing manual work significantly
- End-to-end data solution: AppSheet + Supabase + automated financial dashboards

Operational Planning Analyst Sr.

Apr – Oct 2023

dnata — Emirates Group

- Built real-time overtime control system (backend, cloud, API integrations, operational UI) — ~R\$100K saved in Q1
- SSIM flight schedule converter eliminating manual processing — Najm Award, Emirates Group Dubai

Operational Planning Analyst

Apr 2022 – Apr 2023

dnata — Emirates Group

- Power BI dashboard integrating flight forecasts, headcount & cost data — adopted by station managers for weekly decisions
- Predictive demand analyses across airports supporting workforce allocation within annual budget targets

Operational Planning Assistant

Oct 2021 – Apr 2022

dnata — Emirates Group

- Supported planning routines, schedule analysis and workforce data organization
- Developed initial analytical views supporting station managers' daily operational decisions

Accounting Intern

2019 – 2020

Tempest Security Intelligence

- Account reconciliations and financial report preparation
